Ywg tau dej rau hnuv Wednesday & Sunday

Lub sijhawm tsis pub yug dej yog 9 moos sawv ntxov txog 9 moos tsaus ntuj.

Water Wise Tips for Indoor Water Savings:

- Turn off the water while shaving or brushing teeth
- Fill the tub only 1/2 way
- Limit your showers to 5 minutes
- Only wash a **full** load of laundry or dishes
- Switch to a low-flow shower head
- Make sure your faucets have aerators
- Replace your old toilet with an energy efficient 1.6 gallon per flush toilet

For Outdoor Water Savings:

- Follow the watering schedule above
- Do not water the sidewalks & gutters; only water your landscaping
- If you have run-off in the gutter, you are watering too long
- Use a broom to clean up your driveway or sidewalk, don't wash it
- Watering in the early mornings is best for lawn & plants
- Consider low water loving plants
