Hi Doug,

Here's my take on 5 scenarios. I marked districts on each 5 pages in the PDF. I created additional tabs in the Excel file for each scenario. I tried to keep the south side of Merced from Bear Creek into 3 distinct neighborhoods since they were historical developments with Bear Creek being the northern boundary, and the railroad tracks arbitrarily split the Downtown District. The three neighborhoods are (1) Downtown from Bear Creek to Hwy 99, (2) South Merced from Hwy 99 south, and (3) Southeast Merced between Hwy 99 and 140 and east of Glenn Ave. Most every neighborhood north of Olive Ave was developed after 1970. We'll need to revisit the northern districts as UC Merced develops. Please let me know if you have any questions.

Kind regards,  
Keith Ensminger
