

# CITY OF MERCED

*"Gateway to Yosemite"*

**FOR RELEASE:** Merced Municipal Airport Commercial Flight Information.

As you may have heard through the media recently, our commercial airline provider, Mesa Airlines - code sharing with US Airways, is terminating service May 30, 2008 and effectively going out of business. For those of you with confirmed tickets after this date please contact US Airways at 1-800-428-4322 in order to make other arrangements.

Great Lakes Airline has been awarded the contract for commercial service at Merced Municipal Airport, but as of release there is not a confirmed start date for services. This site will be updated as more information becomes available. We understand this is a great inconvenience to our loyal travelers and we appreciate your patience while we make this transition.

Ronald K. Elliott  
Merced Airport Superintendent
