

**THIS IS THE CITY OF MERCED'S PRELIMINARY DRAFT BUDGET FOR
FISCAL YEAR 2010-2011 (July 2010 – June 2011)**

The following material reflects the recommendation of the City Manager of the City of Merced for the City budget for Fiscal Year 2010-2011.

The City Council will study and consider the recommendations, and act to approve a final budget no later than June 30, 2010. (City Council action is scheduled for the regular Council meeting on June 21, 2010, pending further Council direction.)

Once the final budget is adopted by the City Council it will be posted on the Web site, and also will be available at the front counter.

HOW TO USE THE PRELIMINARY 2010-2011 BUDGET MATERIALS

Immediately following these instructions, this binder is organized with eight tabs, as explained below.

Tab 1 contains the City Manager's Budget Message.

Tab 2 contains the Chart of Accounts for all funds, departments, and divisions. This will be an important reference point in using this preliminary budget. In all sections of the preliminary budget, information appears in numerical order by fund number, then by division. This is a somewhat different order than the final document. For instance, all of the Public Works divisions are not together because some are General Fund and others are individual special revenue or enterprise funds.

Tab 3 contains financial summaries.

Tab 4 contains a complete set of fund balance sheets.

Tab 5 contains personnel and capital summaries. These are similar in format to those in previous years' finished budget documents.

Tab 6 consists of the Mission, Goals and Objectives pages for the departments and divisions. The pages also list budget highlights to point out areas of interest, as well as significant differences from previous years. These pages are also ordered by fund number for the purposes of the preliminary budget.

Tab 7 contains basic expenditure summaries by category, summaries of revenue by source, and staffing for the departments/divisions, again according to numerical fund order.*

Tab 8 contains summaries of department/division expenditures by line item, also in numerical order by fund.*

*Please note that some funds may be consolidated for display purposes in these sections, although individual fund balance sheets are available at Tab 4.
