

LiveHealth Online:

Providing your employees with quick and easy access to a doctor, psychologist or therapist

With LiveHealth Online, your employees can see a board-certified doctor or licensed therapist through live video on their smartphone, tablet or computer with a webcam. LiveHealth Online is quick, easy to use and will help your employees get the care they need when they need it. All they have to do is sign up online or use our free mobile app.

Once you and your employees sign up for LiveHealth Online, you'll have access to:

- **Board-certified doctors, 24/7.** No appointments or long wait times! Doctors on LiveHealth Online can assess your condition, provide medical advice and even send prescriptions to the pharmacy of your choice, if needed.¹ It's quicker and easier than a trip to urgent care — in fact almost 90% of people who have used it said they saved two hours or more!²
- **Licensed therapists or psychologists at home.** If you're feeling stressed, worried or having a tough time, we're here to help. In most cases, you'll be able to make an appointment and see a therapist or psychologist in four days or less.³

To help you promote LiveHealth Online to your employees we've created this guide as a starting place.
